Bezdan Cable in Black Stainless

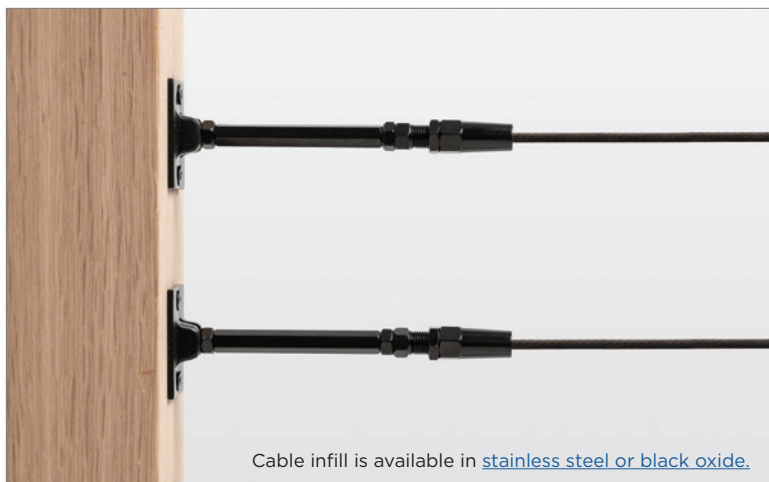

Sleek. Stylish. Ultra-Modern.

Achieve an ultra-modern look for cable railing in eye-catching black stainless steel. Retain the benefits of high durability, scratch resistance, and strength of classic stainless steel, and say goodbye to powder coating for good.

Black Stainless PVD (Physical Vapour Deposition) coating is an innovative offering by Bezdan for stainless steel components that eliminates the quality control, process, and lag time costs associated with powder coating. Learn more about black stainless (PVD) at geobezdan.com/black-stainless
